Accessing the Reseller's Knowledge Base

Imported User Agent 3 - 2017-03-02 - 0 Comments - in Resellers

Problem:

I don't appear to be able to access the reseller Knowledge Base pages. How can I do this?

Solution:

In order for you to gain access into our Knowledge Base for resellers you need to registered with us as an approved reseller. Once you have been granted this status your will be given an account which will enable you to view the knowledge base articles.

If you have any queries or questions please don't hesitate to send an email to support@fido.net
